

ANALYZER

How to Install Your Plugin

Step 1

Save Included Plugin Folder

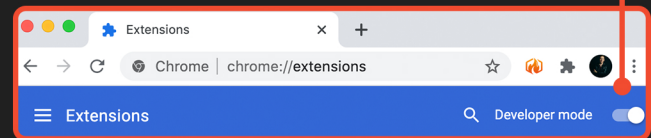

Put the included “**Analyzer Plugin**” folder in a place where it won’t be moved. (If it is moved after installing it, Google Chrome won’t be able to load it.)

Step 2

Open Extensions

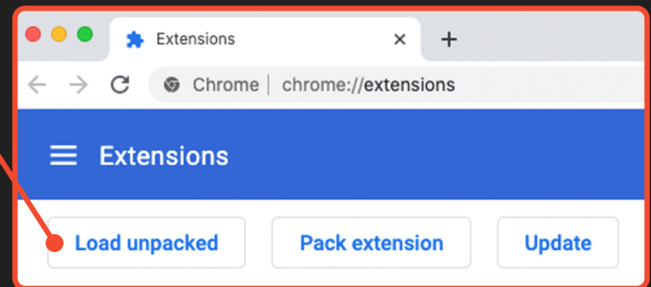

On Google Chrome, go to **chrome://extensions/**. Check the box to activate **Developer Mode**.

Step 3

Load the Plugin

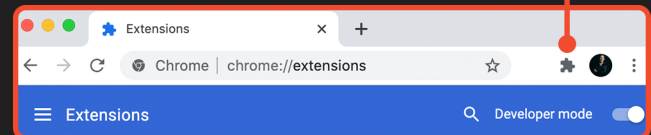

Click the **Load Unpacked** button and select the “**Analyzer Plugin**” folder to install it.

Step 4

Pin to Toolbar

Click the puzzle piece to see all of your extensions. Pin your Analyzer icon, and enjoy!
